FC Tested to Comply With FCC Standards FOR HOME OR OFFICE USE

RoHS COMPLIANT

DESIGNED IN EUROPE

- High efficiency up to 90%. With short-circuit protection.
- Accurate regulated output, low ripple and low interference.
- Automatic voltage regulation in the connectors, wich control voltage, preventing any wrong voltage sating damage.
- Interchangeable connectors.
- Operating temperature 0ºC to 40ºC. Operating humidity 20-85% RH.
- World wide voltage AC100 to 240V input. Note: plug type varies depending on the country.
- No installation required. Simply plug in. Works with other electronica devices like LCD screens.

Dimensions:	132 x 57 x 31mm
Input AC:	AC 100 to 240V 50/60Hz
Output DC:	15V 6 A max /16V 5.62A max /18.5V 4.9A max /19V 4.74A max
Weight:	450g
